## SPECIAL TENDER CONDITIONS OF GEORGE MUNICIPALITY

### 1. GENERAL TENDER CONDITONS

- 1.1 The conditions, specifications and schedules contained in this document form an integral part of the tender contract and must be returned with the tender submitted. Failure to comply herewith will invalidate a tender.

This document contains continuously numbered pages and is the copyright of the Municipality of George. It may not be used, copied or lent out except in the performance of this contract.

Tenderers should carefully inspect the document for completeness and legibility. Claims based on missing pages or illegible script will not be considered.

Telegraphic tenders will be considered, provided that the tender document is posted before the advertised closing time of tender. Proof of the date and time of posting shall be required. **FAX OFFERS WILL NOT BE VALID.**

Late, incomplete, open or unmarked tenders will not be considered.

Proof of posting will not be accepted as proof of delivery.

Tenders shall remain valid for 120 days after closing date of tender.

Written information only will be valid as amending or supplementing this contract. Verbal information will not be accepted as binding on Council or its officials.

Each tender must be submitted in a sealed envelope clearly endorsed "TENDER NO **ENG 024/16: THE SUPPLY AND DELIVERY OF ELECTRICAL STOCK: AUXILLARY RETICULATION MATERIAL**" and addressed to **The Municipal Manager, Municipality, PO Box 19, GEORGE, 6530**, so as to reach him not later than the date and time advertised or be placed in the tender box situated at Supply Chain Management, The George Civic Centre (1<sup>st</sup> floor), York Street, George.

All prices quoted and all deposits or payments made shall be in the currency of the Republic of South Africa.

Any additional particulars should be furnished in a separate letter by tenderers.

Tenderers must submit: the prices of all optional equipment separately, the terms and conditions of guarantee, delivery time, availability and prices of and discounts on spare parts, full descriptive literature and specifications, and choices where applicable.

Prices should remain firm for the period of the tender. Should the successful Tenderer wish to alter any tendered price during the currency of this tender, Council reserves the right to:

- i) Accept the amended price
- ii) Call new tenders for the affected items.
- iii) Negotiate prices with alternate suppliers.

1.15.2 Where prices are not firm, a formula using the SEIFSA indexes is to be used and the following shall apply:-

- ii) The adjusted contract price shall be coupled to the tendered delivery times and not the actual delivery date (e.g. if the tendered delivery time is 6 months and the order is placed in August, contract adjustment shall be calculated with February as agreed completion month). The actual delivery time shall be used to adjust the contract price where delivery time is shorter than the tendered delivery time.
- iii) Should Council be of the opinion that prices have risen out of proportion; Council reserves the right to negotiate on the open market for provision of the goods.
- iv) Successful tenderers must submit on request all the applicable formulas, constants and factors required for calculating price adjustments.

1.16 All invoices submitted for payment shall be accompanied by a CPA calculation sheet clearly showing all calculations where prices are subject to adjustment.

1.22 Samples:

If so required, samples MUST be submitted to the Director: Electro technical Services, Municipal Offices, Brick Road, George. If this clause is not complied with, tenders will not be considered. The samples of accepted tenders will be held for the whole of the contract period for reference.

Tenders must also clearly state whether samples are to be returned or whether they are FREE OR CHARGED. In the absence of an indication in this regard, samples will be retained without future responsibility.

## CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - a. take all reasonable steps to prevent such abuse;
  - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:
  - 1 **Includes price quotations, advertised competitive bids, limited bids and proposals.**
  - 2 **Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
